

Wirragulla Polo Club thanks its 2014 sponsors

Major sponsor

Founded in 1986 Pryde's Pty Ltd was the first company in the southern hemisphere to manufacture a range of extruded (pressure-cooked) cereal grain based feeds for horses. Located at Gunnedah in the heart of the grain producing area of NSW the company has access to a wide variety of high quality grains and other ingredients to manufacture their horse feeds. The extruded grains and proteins in all Pryde's EasiFeeds provide a base of responsive and well utilised energy, complemented by vitamin and mineral pellets that match the specific needs of breeding, growing, sport and pleasure horses. www.prydes.com.au
